

The Leader in Tolnaftate Technology Since 1986

March 20, 2020

SENT VIA EMAIL AND FAX

To all Health Care Providers,

First and foremost, I hope you and your staff are in good health amidst this current crisis. Unprecedented times call for unprecedented measures and, so, in accordance with recommendations from the US Centers for Disease Control and Prevention and State and Federal Authorities to limit social contact, The Tetra Corporation will cease in-person visits immediately and will remotely support you until further notice.

As the healthcare community confronts the outbreak, Tetra is committed to supporting you and your patients. We will remain 100% available to you via email, phone call, or FAX so that we may answer any/all questions you and your team may have along the way concerning Tetra products.

Commitment to Patients

As an organization, Tetra remains committed to ensuring that all of your patients can access the medications they need.

- We currently have adequate product supply and do not see any threat to our supply chain at this time. There are no manufacturing concerns or supply shortages with any Tetra products.
- We can drop ship products and any patient education materials you may need directly to your location. You can request patient brochures and other materials simply by calling, emailing, or faxing us.

Call-in Orders or Request Information: 800-826-0479

FAX Orders 517-663-8380

Email Orders – MYREP@TheTetraCorp.com

This program is in effect from now until April 30, 2020, and may be extended if needed.

We remain dedicated to providing the medical resources to you and your patients and resuming in-person visits as soon as conditions allow.

Sincerely,

George A. Cioe
President and CEO

The Tetra Corporation, P.O. Box 10, Eaton Rapids, MI 48827 Ph: 800-826-0479 Fax: 517-663-8380
