

The Tetra Corporation Extends Conference Pricing To All Practitioners Nationally

March 11, 2020

To our customers and friends,

Like so many of you, we have spent the last several days and weeks learning about the coronavirus (COVID-19) and how it is impacting our world. Just yesterday, The Georgia Podiatric Medical Educational Foundation canceled the 23rd Annual Georgia Summit. And today The 2020 No-Nonsense Seminar was canceled. It seems apparent that this outbreak will certainly affect our employees, customers and the medical community in many ways.

Our priority is keeping you and our employees safe. It is for that reason that The Tetra Corporation will honor conference discounts for all podiatric and dermatologic conferences this year. When you call or fax in your order, simply include a notation that you canceled your plans to attend an upcoming meeting, by name, and we will give you conference pricing for that order. That's it. Simple and easy.

Once again, I want to thank you for your business. I hope you and all those you care about fare well in the coming weeks ahead.

Sincerely,

George

George A. Cioe

President and CEO

Tetra CEO, George Cioe said; "...they will continue to seek new ways to support podiatrists and their patients."
