Key Benefits:

- **Penetrates deep:** The oil-soluble tolnaftate in jojoba oil ensures effective penetration of the skin, targeting the infection at its source.
- **Relieves itching:** Provides immediate relief from the itch associated with athlete's foot.
- **Moisturizes and softens:** Restores the skin's natural balance while preventing dryness and cracking.
- **Exfoliates gently:** Removes unsightly scaling and flaking, leaving skin smooth and healthy.

For best results, **wash and dry the affected area, apply a small amount of FungiFoam®, and wear clean, dry socks.** Use twice daily for treatment or once daily for prevention.
